In our continuous effort to improve the quality of education at Hokkaido University, we conduct "Third Year Student Survey 2020" every year to get your feedback. As the globalization of our societies and industries accelerates, your paths after graduation or completion of program are becoming more diversified both in and outside of Japan. It is important for us to learn about your experience here so we can continue to offer world class education at HU.

This survey gives us data necessary for providing quality education by helping us accurately assess your experience and learning environment.

Your voice matters to HU today and for the future as we strive to improve as a "place for high quality learning". Take the survey today!
